

Snapshot

Patient: Valerie Soule

Age: Retired Senior

Home: Southern Utah

Treatment: Four front
veneers, teeth whitening

"I never realized what great teeth could do for your looks and confidence."

Before

After

Real Stories about Real Smiles.

Q: Why did you have the cosmetic dental work done?

"My front teeth had so many chips and previous dental work that my smile was looking worse and worse as time went by," said Valerie. "I regularly had to spend several hundred dollars each year to re-fix my worn out teeth. It was time to do something about it."

"One of the best things about my new smile was that it was 'age-appropriate', a color that was brighter without being so white it looked fake," continued Valerie.

Q: What was the cosmetic dental process like?

The overall process of changing Valerie's smile took four visits to Dr. Utley's office. The first visit was a conversation about what was involved, the veneer process, life span of the cosmetic work and the general expectations. Dr. Utley, his assistant and the dental lab specialist provided custom coloration, shape and fit guidance throughout the entire process. The second visit concentrated on the preparation, x-rays and impressions.

"I had a space between my front teeth that I wanted fixed," said Valerie. "Dr. Utley also gave me a whitening kit for bleaching my other natural teeth to match the color of my veneers. This approach dealt with changing my whole smile rather than just a few teeth."

The third and fourth visits consisted of a trial fit, color adjustment and final veneer placement.

"My initial veneers turned out too white so the lab technician made the necessary color corrections." said Valerie. "It was wonderful to have a whole team of specialists working with Dr. Utley to give me the best results possible."

Q: How did you feel about your new smile?

"The transformation in my smile was amazing," said Valerie. "The best thing was that nobody noticed. My friends knew something had changed but thought I looked less tired and healthier, just the reaction I'd hoped for."

"Everybody says I look 10 years younger, even perky," said Valerie. "I never realized what great teeth could do for your looks and confidence. I love the new smile Dr. Utley gave me."

Why did you choose Dr. Utley?

"I did my homework before I chose Dr. Utley," said Valerie. "I checked him out with ADA and I liked the way he treated me at the office, just the right blend of friendliness and professionalism."

"Come and see what a beautiful smile we can create for you!"
